MOOD: 🤪 cathartized
MUSIC: Mason Jennings - Damn

That?

Totally felt *even better* than I anticipated.

And if that makes me a bad person, *I don't care*.

Also, this (https://www.livejournal.com/away?to=http%3A//www.threadless.com/product/1538/The_Food_Chain) and this (<https://www.livejournal.com/away?to=http%3A//www.offworlddesigns.com/p-92-zombie-crossing.aspx>) are totally awesome, and we need to get the Wabbit one of these (<https://www.livejournal.com/away?to=http%3A//www.offworlddesigns.com/p-288-csi-dungeon.aspx>).

Noted without comment (https://www.livejournal.com/away?to=http%3A//www.typetees.com/product/493/Ninjas_and_pirates_agree_cowboys_suck).

TAGS: intentionally cryptic, t-shirts noted in the wild

This looks like a good idea.

That's not what makes you a bad person. It's the t-shirts that manage that.

The world isn't so close to fixed that you can't still get a lot of privacy in a women's bathroom in the Hoover Building. *g*

I found Threadless' "Darth Vader trimming a hedge into the shape of the Death Star" shirt and nearly died laughing.

Which is, in itself, a comment. :)

You got a pedicure, didn't you? I always feel that way after a pedicure. It's the love that dare not speak its name.

Pedicures: wasted on climber toes.

Yeah, if I was ever going to have cute feet, the window of opportunity has closed. I am a climbergrrl now, and my feet are *homely*.

Though, you know, there'd be a certain amusement value in it. Pedicurist: "Is that...a *callus*? You have a callus *there*????"

Some of us have callus maintenance issues. Makes climbing, guitar and swordplay difficult at times.

BTW, remember to stock up on callus if you ever get a chance to climb at Joshua Tree, that place is a meat grinder.

I can see that. The same way manicures are wasted on a sculptress.

 jry.

If you haven't, you need to see this: <http://www.acro-base.com/> Go to the gallery section for videos.

I ran across it in an issue of National Geographic Adventure in the dentist's office this morning. Which is about as close as I personally want to get to jumping off a mountain with skis and a too-small parachute.

This looks like a
good idea.
